Lowell, Mass., Sept. 14.—New England Organizer Frank H. McCarthy of the American Federation of Labor has been ordered to Lowell by Pres. Samuel Gompers, in connection with the strike at the plant of the United States Cartridge Co., which has large war contracts for ammunition. Organizer Roscoe Hall of the machinists is also here.

At a meeting held last night in front of the gates of the plant the strikers asserted that 900 men and 400 women had signed an agreement to form a union. A mass meeting addressed by organizers was also held last night in carpenter's hall.

Seventeen employees of the washroom of the plant left their work last night after demanding a wage increase of 75 cents a day. The strikers stated that women employees of the South Lowell plant of the company would be called out to-day and mass meetings are being held. A meeting between a committee of eight, representing the strikers and officials of the company, held yesterday afternoon resulted in no progress in the way of a settlement.

The plant employs 5,000 workers. Strikers claim 800 are out.

At a dance given by a social club there was a man who met with a mishap on the floor, due to his lack of skill in dancing.

A little later the man sought out one of the guests and said:

"Sir, you are the only gentleman in the room."

"Thanks," replied the other dryly. "May I inquire what motive has led you to seek me out for this complimentary outburst?"

"Why," explained the man, "when I tripped in the tango just now and fell sprawling to the floor, incidentally ripping off a large section of my charming partner's gown, you were the only one in the place that did not laugh."

The other smiled grimly.

"The explanation lies in the fact that the lady is my wife and that I have paid for the gown."—Philadelphia Ledger.

LED OFFICERS MERRY CHASE.

Frank B. Lawrence Who Was Wanted in Windham County.

Brattleboro, Sept. 14.—Frank B. Lawrence, formerly of Townsend, wanted in Windham county for the alleged jumping of a \$100 bail bond furnished by James M. Gilbert of Putney, was arrested in Shelburne Falls, Mass., yesterday after an all night chase during which he plunged into the Deerfield river and attempted to swim across the stream.

Shots from the officers' revolvers induced the fugitive to surrender.

Lawrence, it is claimed, has lived for several years by his manipulations of mortgaged property and the "sale" of properties which he did not own. It is said that his list of "purchases" included a number of prominent Windham county men.

In his attempted escape Sunday night from the Massachusetts officers it is claimed that he knocked down the Shelburne Falls chief of police thus gaining his liberty temporarily.

Lawrence was arrested early this year on a trover charge brought by O. L. Parker of South Londonderry, the suit growing out of one of his alleged shady transactions. After bail was furnished Lawrence disappeared.

His appearance in Newfane Sunday evening in a Massachusetts automobile became known to Deputy Sheriff Earl Davis of that town who started Sheriff C. E. Mann and others on the trail. They searched the southwestern part of the county all night, getting frequent traces of Lawrence and finally locating him in Shelburne Falls by telephone.

State's Attorney O. R. Hughes, who was one of the officials in the chase, received a telephonic promise from Officer Perkins of Shelburne Falls that he would hold the man and Sheriff Mann left at once by automobile for that village to get his prisoner.

Before he reached there, however, Lawrence had broken away from the police chief and had made his escape.

Lawrence is also being sought by his wife, Jennie A. Lawrence of Townsend, for divorce on the grounds of desertion and intolerable severity.

A much heavier exodus is expected to-morrow, when a special train will leave Barre at 6:30 o'clock. Many are planning to go by motor either to-morrow or Thursday. Finishers, including carpenters and decorators, have commenced their work on the interior of the theatre which the Park Amusement Co. is erecting on North Main street, the work on the exterior walls having been completed. The "Birth of a Nation," that famous photoplay that has been having such an unprecedented run in Boston and New York, will be used to open the new theatre, the management having booked the big film for four days beginning Oct. 11. It is expected that the amusement house will be ready for occupancy a few days before Oct. 11.

Three Barre carpenters working on W. A. Whitcomb's new summer cottage at Woodbury pond fell to the ground, a distance of 10 feet, with one accord when a staging on the structure gave way last Saturday afternoon. Charles E. Reed of French street received such painful injuries that his thoughts will not be of carpentering for a time. Mr. Reed sustained a fractured rib on the left side and a sprained shoulder. Elias S. Bemis, an elderly man living on upper Hill street, received injuries to his right knee and ankle and is resting up a bit until he has fully recovered. Edward O. Philbrick, who lives on Orange street, was the luckiest member of the trio. In falling, Mr. Philbrick went the whole distance, but his fall was broken by a bed of moss and beyond a severe shaking-up, he came out of the affair intact.

A very enjoyable informal musicale was given in the lobby at Hotel Barre Monday afternoon from 4 until 5 o'clock by George H. Wilder of Burlington, T. R. Waterman of Hartford, Conn., and Blanche H. Badord of Montpelier. A company of nearly 60 music lovers of Barre and vicinity were present and a charming program of vocal and instrumental numbers was enthusiastically received. Mr. Wilder, whose talents are well known in Barre musical circles, played the flute and piano. Mrs. Badord contributed the piano accompaniment. The music was accompanied by the church choir in Burlington, gave the voice solos. The musicale was made the occasion of introducing Mr. Waterman, who is to have charge of a class in voice culture in Barre and Montpelier.

Spontaneous combustion is believed to have been the origin of a small-sized fire that kept employees of the Tilden Shoe Co. working overtime for a few moments last evening. Dust that accumulates from the lathe on the shoe machine is allowed to settle in a wooden box and when the box became ignited and threatened for a time to set the furnishings in the repair department afire, those who investigated the blaze satisfied themselves that the combustion was spontaneous. One of the swifter members of the working corps gathered up the box and made for the rear door, where its burning contents were dumped into the street. Another busied himself with stamping out odd bits of burning paper, etc., while a third stationed himself at the telephone in readiness to call the fire station should the blaze get beyond the control of the shoemen. The outbreak was pregnant with possibilities, but the actual damage was inconsequential.

So far as the newly issued table indicates, the traveling public in Barre is to profit by the recent changes in the passenger schedule of trains over the Central Vermont railroad. In a number of instances irritating waits at Montpelier are done away with and the delays at Montpelier Junction have been eliminated. Below is given a table showing the waits as indicated by the new schedule, which became operative Sunday. The first figure refers to the time of departure from Barre, the second to the time of arrival in Montpelier, unless otherwise indicated, and third to the time of departure from the Junction at 6:30 p. m. and reaches here at 7 o'clock. The afternoon night reaches the Junction at 6:30 and Barre at 4:30. The early afternoon train from the north arrives in Montpelier Junction at 12:30 and Barre at 1:40.
